CREATING AMAZING AV EXPERIENCES **TOGETHER**

Legrand is the global specialist in electrical and digital building infrastructures. Its comprehensive offering of solutions for commercial, industrial and residential markets makes it a benchmark for customers worldwide. Legrand | AV is a business of Legrand focused on providing innovative foundational AV product and service solutions that make it easy for professional customers to create amazing AV experiences for end users worldwide.

The Legrand | AV Resi CI business, consists of Chief, Da-Lite, Luxul, Middle Atlantic Products, Nuvo, On-Q, and SANUS all working together providing you innovative products, designs and solutions to help you transform smart homes for your customers.

Chief focuses on commercial AV flat panel and projector mounts. Home Theater, Workstation and Custom Display Solutions are also part of the Chief product offering. Known in the industry for high quality mounts with both Custom and Universal options, as well as an extensive accessories line, Chief is focused on professional installers worldwide.

Da-Lite has been developing innovative screen technologies that move the industry forward for over 100 years. Our proprietary surfaces are designed for each application resulting in expert clarity, rich contrast and vivid color.

Luxul is the leading innovator of simple-to-deploy professional grade IP networking solutions for use by custom installation professionals. Designed for use in both residential and commercial environments, the Luxul family offers a complete line of solutions that simplify network design and deployment—resulting in a scalable network that is both powerful and easy to install.

For nearly 40 years, Middle Atlantic Products has been your trusted infrastructure foundation for ultimate system reliability and performance. We solve integration challenges with innovative products needed to help ensure reliable AV systems.

NUVO

With a musical lineage reaching back to 1924, Nuvo evolved from a line of superbly designed audio products that were used by musicians ranging from Johnny Cash to Quiet Riot. Today, Nuvo continues this legacy of premium performance and superior quality with an award-winning line of speakers and professional whole home audio solutions.

ON-Q

From reliable infrastructure products to feature-rich smart systems, On-Q brings homes to life with innovative solutions to a home. Designed for professional integrators On-Q will help to simplify installation, boost performance, and ensure that homeowners can easily use and enjoy today's technology.

SANUS

Founded in 1986, SANUS has grown to become the #1 best-selling TV mount brand in the United States. SANUS designs and builds premium Flat-Panel TV mounts, Speaker Stands and Mounts, Racks and Accessories. Our high-test, acoustically superior solutions are designed for style and engineered to perform.

BUILD A **STRONG** **FOUNDATION**

ON-Q

To deliver a truly exceptional AV experience, you need to ensure your **infrastructure** is up to the task. Our proven foundational products in structured wiring and racks create a framework for clean installations with power management and connectivity solutions that deliver uninterrupted signal and stable connections, finished with low-profile, versatile display and speaker solutions that fit perform perfectly in any space. With our infrastructure solutions, you can be assured that you will have everything you need for to deliver an AV experience like no other.

GUARANTEE NETWORK PERFORMANCE

Every smart home relies on its **network**, so our goal is to make networking work for you. Our products are engineered for simple and intuitive programming, but we know not everyone has the time to design a network. That's why we offer free lifetime tech support and free system design that's backed by a guarantee. Top it off with reliable products that always provide profitable margins and aren't sold online.

MAKE SMART HOMES BRILLIANT

NUVO ON-Q

Legrand brings homes to life with smart lighting control, and multi-room audio **systems** that provide users with convenience, security, comfort and entertainment. With feature-rich platforms, simplified integration, and profitable purpose-built solutions for entry-level to ultra-luxury spaces, Legrand is the preferred choice for installers who want to deliver a truly connected home.

Product Advice

INSTALLER INSPIRED.

Chief has an expansive portfolio of both installer and end-user inspired solutions for AV technologies that assist in installing and interacting with Flat Panel Displays, Projectors, Desktop Monitors, Cameras, Speakers and other AV components. Through deep customer and end-user empathy, Chief is continuously innovating to assist integrators and end-users in the creation of amazing technology experiences.

FLAT PANEL MOUNTS

Chief offers the largest selection of universal and custom display TV mounts worldwide. Our mounts are designed with features to speed installation without compromising on quality or features that provide strength, flexibility and ease of use. We provide a variety of accessories that integrate seamlessly with our mounts to customize the needs of your installation.

PROJECTOR MOUNTS

Chief is well known for manufacturing world-class projector mounts, including the RPA and Elite series of custom and universal projector mounts. Installers choose Chief because the carefully thought-out designs speed up installation times while providing end users with flexibility and ease of use. Choose from ceiling projector mounts for inverted projectors to fully automated solutions plus a full line of accessories to customize any installation.

STORAGE & POWER

Simplify flat panel installation by providing one of our storage or power accessories for an organized, recessed space for routing excess cables and for attaching surge protectors/power conditioners.

FOR YOUR IMAGE.

Da-Lite is dedicated to the science and optics of two-piece projection surfaces. We enhance AV installations globally by providing the highest quality projection surfaces and coatings specific to each projection application with ambient light rejection (ALR) technology and 16K-ready surfaces.

These technologies preserve native projected content allowing integrators to provide amazing experiential and immersive installations to both the Pro AV and Residential markets. Da-Lite proprietary, environmentally friendly surfaces are developed in conjunction with leading projector manufacturers and customers with installations ranging from high end simulation to higher education, corporate and rental markets. With manufacturing located in the U.S., we are dedicated to providing the highest quality products available in the market for Pro AV and Residential applications.

HD PROGRESSIVE SCREEN SURFACES

The chemical formula for the HD Progressive line of projection surfaces is designed to perfectly reflect and preserve the image being projected for the dedicated home theater.

FIXED FRAME SCREENS

A fixed frame screen is mounted to the wall, and has the appearance of a very large flat panel.

PARALLAX SCREEN SURFACES

For an uncontrolled light environment and higher out put projectors, Parallax is ideal for high performance ambient light rejection.

ELECTRIC TENSION SCREENS

Electric screens are a good option for people that don't want the screen to be visible when it is not in use, and for multi-purpose living spaces. These can be either mounted to the wall or recessed into the ceiling

SIMPLY CONNECTED.

Luxul is the leading innovator of simple-to-deploy professional grade IP networking solutions for use by custom installation professionals. Designed for use in both residential and commercial environments, the Luxul family offers a complete line of solutions that simplify network design and deployment—resulting in a scalable network that is both powerful and easy to install. With Luxul, installers can deliver the ultimate IP network without the complexity associated with traditional networking gear. All Luxul products include free lifetime support and a three-year limited warranty. Plus, Luxul equipment is available only through authorized distributors of residential and commercial integration products.

WHAT GREAT SYSTEMS ARE BUILT ON.

All of our products are designed and engineered in the US to maximize system reliability and to meet the needs of installers; from thermal considerations and built-in cable management, to pre-installed washers on our rack screws, we build in ways to save time and simplify the job. At the heart of every installation, you'll find Middle Atlantic Products - what great systems are built on.

RACKS & ENCLOSURES

Racks and Enclosures form the primary structure of an installation, and provide the “frame” to support electronic equipment, power, cooling, and cable management.

CREDENZAS

The Credenza Series from Middle Atlantic is the perfect all-in-one AV storage solution for any entertainment space or home theater. Following our Frame to Furniture approach, every piece starts with a solid steel frame and rack kit, then completed with our sleek furniture panels. Middle Atlantic Credenzas are available in a range of sizes and styles, built around the rack you trust.

POWER MANAGEMENT

We recognize that the foundation of a great system goes beyond a solid rack. They also require reliable, accessible, safe power distribution. Our power products are U.S. engineered and designed to specifically meet the needs of a broad range of applications including commercial, residential, and more.

CABLE MANAGEMENT

Middle Atlantic Products offers a broad range of cable management and support products to meet project needs. Properly dressed installations not only look better, but make ongoing maintenance and changes easier.

THERMAL MANAGEMENT

Thermal Management plays a critical role in overall system reliability, so Middle Atlantic offers a wide range of cooling products to meet project needs. We care about our environment, and are pleased to offer a full selection of thermostatic and proportionally controlled cooling options that save energy and unnecessary noise.

OTHER RACK ACCESSORIES

Middle Atlantic Products has the best selection of Rack System Accessories in the industry – in stock and ready for immediate shipment. These products add the finishing touches to rack installation appearance and organization. We offer Rackshelves, Rackmount storage, connector panels, lighting and more.

NUVO

DESIGNED BY AUDIOPHILES. INSTALLED BY PROFESSIONALS.

With a musical lineage reaching back to 1924, Nuvo evolved from a line of superbly designed audio products that were used by musicians ranging from Johnny Cash to Quiet Riot. Today, Nuvo continues this legacy of premium performance and superior quality with an award-winning line of speakers and professional whole home audio solutions.

Compelled by our passion for impeccable sound, Nuvo designed the Player Portfolio, a scalable whole home audio system, purpose-built for custom integrators. It delivers the installation flexibility, simplified integration, and crisp, detailed high fidelity audio that only a professional system can. When combined with our comprehensive line of high-performing subwoofers, architectural speakers and outdoor speakers, Nuvo has made it easier than ever to build the perfect audio experience in any space.

ARCHITECTURAL SPEAKERS

Engineered for peak performance and ease of installation, a comprehensive selection of in-wall and in-ceiling speakers meet the demand of any custom AV installation. Designed with a unique infinity edge grill to virtually disappear into any room, choose from 6.5" or 8" Speakers, straight-on or angled models, DVC for small rooms or LCRs for dynamic home theater sound.

OUTDOOR SPEAKERS

Durable and built to withstand weather and temperature extremes, Nuvo Outdoor and Landscape speakers are rated for outdoor use and deliver an immersive audio experience to exterior spaces. With a sleek, minimal design, they blend with the lines or landscape of any home and integrate easily with any 8 ohm system.

SUBWOOFERS

The efficient all-digital Powered Subwoofers and discreet Passive Architectural Subwoofers with coordinating Subwoofer Amplifiers integrate with most any audio installation. Adding a powerful low-frequency impact to any size project, they elevate listening experiences with a whole new dimension of deep and detailed clarity.

MULTI-ROOM AUDIO

Comprised of a versatile suite of streaming music amplifiers, the Player Portfolio is the perfect fit for any project. Offering built-in access to endless music options, it delivers flexibility with wired and wireless solutions, efficient rack-mount Professional Series Players and comprehensive control options, including Amazon Alexa. And with pre-written drivers, it's easy to integrate with leading home control systems.

ON-Q

THE BACKBONE FOR TODAY'S CONNECTED HOME.

From Wi-Fi ready plastic enclosures and professional HDMI cables to video, voice & data distribution and AV connectivity solutions, On-Q will help you build the foundation to support today's connected home. Our infrastructure products will simplify installation, boost performance, and ensure that homeowners can easily use and enjoy today's technology.

THE BRILLIANT CHOICE FOR SMART LIGHTING CONTROL.

Bring your home to life with the safety, comfort, and convenience of RF Smart Lighting Control. Available in the radiant and adorne collections, choose from a wide variety of device types to truly customize your system. And with simple installation, Tru-Universal dimming, and seamless integration, it's the perfect choice for professional projects.
