

SMART LIGHTING, SMART LIVING

Orro Home: Smart Living, Standard

Orro is the first company to combine a smart living system with adaptive lighting. Without any special wiring or programming, Orro adjusts lights based on the time of the day and the amount of light in the room. Orro intelligently provides you with the ideal levels of light at any time of the day. Soft lights in the morning and at night.

With Orro's small but powerful LCD, control the thermostat, locks, music, doorbells, intercom and more, from every room of the house.

SMART LIVING, SMART INVESTMENT

Make every home you build a smart home for as little as a few hundred dollars.

EASY INSTALLATION

Orro installs in minutes in place of any standard dimmer or switch. No hubs or custom wiring needed.

BUILDER PROGRAM

Orro helps builders develop a smart home offering that buyers will love and provides training, support and sample product for model homes.

MARKETING SUPPORT

Orro partners with builders to help them reach their customers with the right messaging so buyers understand the value and power of standard, built-in smart living.

Key Features

ALL-IN-ONE CONTROL OF SMART HOME PRODUCTS

With a simple swipe of the finger, control best-in-class smart home products on Orro's touchscreen.

WIRELESS INTERCOM

Room to room intercom and broadcasting mode lets you stay connected to every room.

BUILT-IN SAFETY FEATURES

With features like built-in motion and audio sensor, homeowners can monitor their homes while at work or on vacation.

ADAPTIVE SMART LIGHTING

Orro intelligently provides you with the ideal levels of light at any time of the day. Soft lights in the morning and at night increasing cortisol during the day and stimulating melatonin production for better sleep.

EASY INSTALLATION- NO EXTRA WIRES OR HUBS

By simply replacing your light switch, unlock the power of Orro's smart living system.

ENERGY SAVINGS

Save energy and money by letting Orro's smart system take care of your lights.

NATIVE APP CONTROL

Manage the power of smart-living system remotely from anywhere in the world.

BUILT-IN VOICE ACTIVATION

Add Alexa voice control to every room with Orro switches.

THE BEST IS YET TO COME

Consistent over-the-air updates ensures Orro never ages and gets better and better!
